INSTALLATION GUIDE

## PLEASE READ BEFORE YOU START

To guarantee a quality installation, we recommend reading these instructions thoroughly before beginning any work. These instructions assume a certain amount of mechanical ability and are not written nor intended for someone not familiar with auto repair.

INCLUDED PARTS	QTY	REQUIRED TOOLS
License Plate Bracket	1	Common Hand Tools
Hardware Pack	1	Drill 1/4" Drill Bit

1. Measure and mark a center line at the front of the skid plate.
2. Use the notches on the license plate bracket to center on the skid plate.
3. Mark three hole locations.
4. Center punch and drill holes to 1/4".
5. Attach license plate bracket to skid plate using supplied M6 bolts and nuts.
6. Insert four plastic nuts into license plate bracket.
7. Secure license plate to bracket with supplied screws.
